

Stettler Elementary School Grade 5/6 Coed Volleyball Schedule

Dear Grade Five and Six Parents,

Our after school volleyball program will start next week on Wednesday in the Stettler Elementary School Gym. That day we will be able to determine the type of program we can offer our students based on the number of interested participants. We are anticipating having all interested athletes join us on the days listed below to spend half of each session working on new skills and practicing old skills, while the second half of the session will be devoted to games and game type activities. In order to ensure the program is a success we are asking for parent volunteers that have some volleyball experience to help us out. If you have any questions or would like to be involved please contact Mrs. Kate Syson at the school, 403-742-2235. **Please note the 3 GAME days will end at 5:00pm.**
